New IRONCAD Term Enterprise Product Description Offerings

This bulletin informs all IronCAD users, particularly those with rental licenses, about our new TERM licenses replacing the current rental options. The new licenses offer additional configurations and features, accompanied by updated pricing.

NOTICE TO CURRENT IRONCAD RENTAL CUSTOMERS:

Magnacad has negotiated with IronCAD, LLC to maintain your current benefits without a price increase. You're grandfathered in at your existing terms. If you're satisfied with your current arrangement, no action is required.

However, if you're interested in exploring the new TERM License plans, you can switch at the current list pricing. Our goal is to ensure your IronCAD experience is as flexible and enjoyable as possible. Below is a chart taken from our Investment flyer outlining the new bundles to choose from should you wish to migrate to one of these.

Term

Term options provide IRONCAD software along with various add-on options for 12 months.

Term - Basic
Term
Term - Enterprise NML
Term - Enterprise

	Price (USD)	IRONCAD	Armor Advantage	CAD Translator	IronCAD Mechanical Lite	Multiphysics Lite
Term - Basic	1,990					
Term	2,195					
Term - Enterprise NML	2,245					
Term - Enterprise	2,395					

READY TO SWITCH? HERE'S WHAT TO DO:

If you wish to switch to one of these options, please contact me before your next renewal date so we can make the necessary adjustments to your invoicing.

Remember, we're here to provide Computer Aided Solutions that Shape Innovation!

Best regards,
Tom Lehn
